Remarks.

There were 107 deaths during the month, 1 from small-pox, 23 from fevers, 1 from bowel-complaints, and 82 from other causes.

The number of deaths in December 1873 as compared with that in November 1873 and the corresponding month of the last year are as follows:—

Of Europeans, 4 against 3, Eurasians 3 against 1, Musalmans 25 against 27, Hindus 65 against 104, and Native Christians 10 against 6, shewing on the whole a decrease of 34 during the month under review and 19 less than the total of the corresponding month of last year.

Proposed Bye-Law for regulating sales by standard weights and measures of all articles sold in the New Market.

7. Proposed Bye-Law for regulating sales by standard weights and measures of all articles sold in the New Market.

Every owner or farmer of a stall in the Cantonment and Shule markets shall provide and keep in his stall standard sets of such weights and measures as are generally used in markets. A standard set of weights and measures are kept with the Market Serjeant for reference in case of dispute.

Resolution.—As it would appear that a proposition very similar to the present one was brought before a meeting of the Board held on the 11th September 1871, and when it was determined that the Chief Commissioner be addressed with a view to the Act for the regulation of weights and measures being extended to Bangalore, and to which communication no reply up to date has been received, it is now resolved that the Chief Commissioner be again addressed on the subject.

Proposed Bye-Law relating to Licenses of Tobacco Vendors.

8. Proposed Bye-Law relating to Licenses of Tobacco Vendors.

That licenses issued to tobacco vendors shall contain a clause rendering it prohibitory to vend or store tobacco in any other place than licensed premises, and all tobacco found in unlicensed premises to be considered contraband and treated accordingly.

Resolution.—Approved, and that a Bye-Law be framed and submitted to the Board at its next meeting for approval and eventual submission to the Chief Commissioner for sanction.

Market Prizes.

9. Read report of committee on the distribution of market prizes on the morning of the 24th December 1873.

Proceedings of a committee assembled in the New Market Square on the 1st of December 1873.

To J. H. Orr, Esq., M. D., C. B., President, Cantonment Municipal Commission, dated 3rd December 1873.

In obedience to yours of 18th September 1873, No. 1054, we have the honor to inform you that we met together at the New Market on the morning of the 1st instant, when we carefully examined the market books which have been kept up in a most satisfactory manner by Market Serjeant Wilby.

With regard to the market prizes.—

The highest number of marks obtained by the three best mutton butchers are—

Stall No. 79, Mahomed Usman ..	..	1480
" " 78, Nannubhoy ..	..	1319
" " 112, Balaji ..	..	947

The mutton although not so good as it might have been perhaps, nevertheless, has been better than that of previous years. This is the 3rd year that stalls Nos. 79, and 78 have kept their places as first and second in the number of marks, while the second and third have increased by 193 and 295 respectively. We would however respectfully suggest the necessity of further improvement being impressed upon the mutton butchers.

The highest number of marks obtained by the three best beef butchers are:—

Stall No. 158, Ummar Saib ..	..	243½
" " 167, Abdul Razak ..	..	207
" " 157, Shék Davud ..	..	187

Although these numbers are actually less than those of the two previous years, we have however reluctantly given the full number of prizes in the hope of improvement. We would however recommend that the suggestion given by the Committee of 1871, in theirs of the 29th November of that year, page 45, Proceedings 71 and 72 "that no prize be given, unless a certain minimum of marks be attained" be taken into serious consideration.

With regard to sea fish we have given no prize, as only one man gets it up, and it has been at times very inferior; as an encouragement to the vendors of fresh water fish we have increased the value of the 1st and 2nd prizes and also given a third.

The poultry prizes will be determined on the 24th instant.

NOTIFICATION.

The 9th February 1874.

The Chief Commissioner having authorized a Cattle Show being held at the village of Nundy on Thursday the 19th February 1874, during the Shivaratri festival, the following rules to be observed and list of prizes to be awarded by Government on the occasion, are published for general information.

2. The following gentlemen have been appointed by the Chief Commissioner to form the Committee for the occasion.

President.

Colonel J. L. Pearse.

Managing Member and Secretary.

Colonel E. Boddam.

Members.

Colonel J. Puckle.

Mr. Narnappa.

"By Order,"

J. L. PEARSE,

President.

CATTLE SHOW RULES.

1. All animals to be exhibited shall be on the ground by sun-rise on the first day of the Show.
2. No animal which has already taken the first or any other prize shall again compete for, or take a lower prize in the same or any other class.
3. Cattle, &c., exhibited by any Department of Government are not eligible for prizes.

4. The working cattle may be subjected to a practical trial to test their powers of draught, and each pair must be the *bonâ fide* property of the exhibitor. It will not be permitted to two owners of separate bullocks to bring them up as one pair for competition.

The following rules are prescribed to regulate admission to the Show, and facilitate the placing of the animals according to age, &c.

I. Ticket men will be waiting outside the Show ground, to whom exhibitors will apply on arrival for passes into the Show for themselves, their cattle and those in attendance on the cattle. The exhibitor will state the age of the animal or animals to be exhibited and their value. The ticketmen will distribute printed tickets accordingly, and furnish the exhibitor and those in attendance with requisite passes. The tickets will be numbered with reference to the ticket-man's list. On the production of these tickets and passes, the cattle, the exhibitors and attendants will be admitted to the Show.

The ticket-men have nothing to do with deciding to which class the cattle belong. They simply act on the age given by the exhibitor.

II. For each class of prizes there will be a separate line of cattle. Should the line extend beyond the Show-ground in consequence of the number of animals in that class, a second line will be allotted and kept wholly for the same class. The first line will be for full grown bulls; the second for five year old bulls; the third for four year old, and so on to the yearlings. Next to which will come the cows, then the heifers, &c., up to the working bullocks which will be placed separate as convenient, and ample space be left between each line for moving cattle along the line.

III. A central road will be marked out right across the Show, and one or more roads parallel to this central road. Open spaces will be left on the central road where the cattle may be collected, when the Committee require it in adjudicating the prizes.

IV. On entering the Show the cattle will be taken by the central road, or the roads on either side of it to the line for the class marked on the ticket, and whilst the animals remain at the Show: care must be taken when they are moved, to move them always by the prescribed roads.

V. For fixing the age of cattle there will be two Committees, one for cows and bullocks, and one for bulls, each Committee examining three or as many lines as may be determined with reference to the number of animals. Should the Committee find in any case, that the age or value has been wrongly given, the animal will be sent out of the Show, and kept in a place fixed for the purpose till all other cows, bullocks or bulls, as the case may be, have been examined. The two Committees will then decide the age or value of the animal sent out of the Show, and place them accordingly. Before the two Committees commence to settle the age or value of the disputed animals, the Amildar or such Officer as may be deputed for the purpose, will appoint one of the Presidents to be President of the combined Committees and have the casting vote.

VI. As the cattle are aged and valued and placed, lists will be prepared shewing the animals in each class, the numbered tickets will be taken back, and fresh tickets given in duplicate; one to be tied on the forehead of the animal, the other kept by the exhibitor or person in charge. On these tickets the name of the exhibitor will be entered.

VII. As soon as the cattle have been finally placed by the Committees appointed to age them, fodder will be supplied. It is requested that strong ropes may be brought with the cattle to secure them properly whilst they remain at the Show, and should the means provided for this purpose be deemed insufficient, it will involve the exclusion of the animal at the discretion of the President.

VIII. No persons, save those connected with the management of the Show, will be allowed without a pass to enter the Show-ground or remain there when the cattle are being arranged or prizes adjudged.

IX. The age of the cattle shall be fixed as follows :—
